2. His claim for the right of priority in the purchase only comes in motion after the official transfer in the Land Registry is effected in the name of the purchaser. His remedies are clearly laid down in the Mejelle and he should proceed accordingly.

I beg to point out that the last bidders for the purchase of the 16 Kirats being the Govt. share in the oil press (D/Tul/2) were the following persons who agreed to divide the sold shares between them as shown hereunder.

2. The amount reached at by the last bidders is L.P. 8.600 Mils which sum was paid to Tulkarm Treasury vide R.V.No.171 of 21-12-33, copy of Receipt Voucher is attached.

3. At the time of bidding Said El Omar who pretend to be a partner in the remaining shares called at this office and claimed the right of purchase by pre-emption, though his son was a bidder but he withdrew his bid, an application on this subject was transmitted to you by Said El Omar through this office with comments thereon.

4. To my idea that the best solution would be that Said El Omar be informed that he should establish his rights before the concerned courts.

5. I shall be much obliged if arrangements may be made with the Land Registrar at Tulkarm to transfer this property to the names of the purchasers.

An oil factory and 393 olive trees appear to be let for £E.15 per annum. Is this a reasonable rent? When I am called up to pay for damages caused to olive trees by railways or other form of construction the claimant, backed by the District Official, assess the trees at anything up to £E.8 each.

Is there any reason to why a better rental should not be obtained or is it merely due to indifference and apathy on the part of your officials?
